Finding My Ministry Path

Now that your Servant Profile is filled in, it's time to select your ministry path. Your ministry path will show you how to take what you've learned in class and use it to help you select a ministry that is in line with your particular S.H.A.P.E.

Ministry Opportunities Overview

Path Marker #1.....Follow Your Heart!

The first marker to look for when choosing a ministry path is your Heart/Passion. Passion is what brings life to your service. Without a heart for what you are doing, your service lacks zeal and enthusiasm. On your Servant Profile you selected 4 items under the Heart/Passion category. Of the four, pick the passion that is strongest for you. Then pick the one that would be your runner up.

Passion #1 (Very Strong) _____

Path Marker #2.....Discover WHAT You Should Do!

This second marker deals with WHAT you need to DO as you follow your heart in service. Feeling passionate about a cause, people or an activity is one thing... Doing something that will make a positive difference is another matter entirely.

Look over the Spiritual Gifts, Experiences and Abilities categories on your Servant Profile. List the two from each category that you feel are the strongest in your life right now.
